

## **Our Election Manifesto: 'Trier for Everyone'**

We are the 'Trier for Everyone' list. We want everyone in Trier to live and work well and to feel at home. Here are our goals:

### **1. Equal Opportunities in Work and Education**

Everyone should have the same chances to receive a good education and find employment, regardless of their background or appearance.

### **2. Strengthening Participation and Co-Determination**

We want to empower people to engage in society and have a voice. Everyone should have a say in what happens in Trier.

### **3. More Spaces for Meeting and Exchange**

We aim to create places where people from different cultures can come together and exchange ideas, fostering mutual understanding.

### **4. Against Racism, Hatred, and Discrimination**

We stand against all forms of racism and hatred. No one should be mistreated because of their origin, religion, or skin color.

### **5. Better Reception and Support for Refugees**

We are committed to ensuring that refugees are warmly welcomed and well supported in Trier. Everyone has the right to safety and a dignified life.

### **6. Education that Addresses the Colonial Past**

We want to offer opportunities to learn about the colonial past, promoting respect and justice for all people.

### **7. Empowering Young People and Breaking Down Prejudices**

Young people from diverse backgrounds should be supported to confidently pursue their paths. We aim to reduce prejudices.

### **8. For a Fair and Inclusive Trier**

Everyone should have the opportunity to voice their opinion and be part of society. We are committed to greater justice and an inclusive Trier.

**Together, we can make Trier a place where everyone feels welcome and respected.**
